Head of School: Mrs Cathie Bolton

15<sup>th</sup> December 2016

Dear Parents,

Witchampton C of E First School are very excited to be launching a new approach to teaching maths in January, called Maths No Problem. It is based on Singapore thinking and has been developed by Dr Yeap Ban Har, a leading expert in this field.

The textbook approach has been widely recommended by the Department for Education and schools within Wimborne Academy Trust have been very pleased with the impact it has had on the children's progress so far.

The approach explores mathematical concepts using real problems and pictures. This gives children a chance to develop fluency and reasoning. It has an emphasis on children learning for themselves and the teachers acting as facilitators to this.

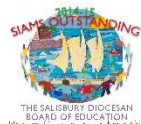

If you would like to find out more about this new approach we will be using, we will be holding a Maths No Problem workshop. Details will follow in the New Year.

If you have any questions, please do not hesitate to come and speak to me.

Kind Regards,

Miss L Hewitt  
Maths Co-ordinator
