

Useful Home Learning websites

These websites have access to online resources. Although they have been checked as suitable for children to use, please do check the resources your child is accessing because sometimes websites can change content and adverts may vary. Every effort has been made to check websites, however we are not certain whether they will all work on the variety of tablets and mobile phones that are available.

Some of the websites included, especially the wider curriculum links, have access to information for all ages of primary school and therefore the content for older children so please be mindful of this.

We have tried to give guidance for which websites may be useful depending on the age of your child, however use your judgement of your child's ability within that area of learning.

The BBC has vast amounts of information on its website and many educational programmes on cbbc or cbeebies, including alphablocks, numberblocks, horrible histories, story time and the zoo.

Kiddle is a child friendly search engine that children can use <https://www.kiddle.co/>. Although it is child friendly, not all websites that will come up have been checked by school so please support your child when searching online.

<u>Website Link</u>	<u>Description</u>	<u>Age Range</u>
<u>Letter Join Handwriting practice</u> - www.letterjoin.co.uk User name: lj0538 Password: home	Useful for practicing handwriting the cursive (Witchampton) way and also helps with muscle memory to learn spellings.	All
